THE BEE,

EARLINGTON, KY

HAPPENINGS IN KENTUCKY.

Much dissatisfaction is reported in the ranks of the First Kentucky regiment on account of the election of Col. Biscoe Hindman to be Colonel of that body. They wanted Col. Jno. B. Castleman, charge fraud and talk of asking for honorable discharge from the service.

Geo. B. Warner, who murdered Pulaski Leeds, was convicted, sentenced to be hanged, tried and convicted of lunacy, had sentence commuted to life imprisonment by Gov. Beckham, is now in the Western Kentucky Asylum for the Insane at Hopkinsville.

A Frankfort dispatch says: "The last of the registered bonds of issue of 1885 with accrued interest of \$250, were paid by the Auditor today. There were ten bonds of \$1,000 each. This leaves the total State debt \$26,000 of coupon bonds. There is \$400,000 balance in the treasury."

Prof. Barksdale Hamlett, of Evansville, Ind., has been elected Superintendent of city schools for Hopkinsville, vice Prof. J. B. Taylor, resigned. Miss Lula Earle is given a place in the city schools.

Felix Feltner, of Leslie county, the first of the men to be tried at Winchester, on the contempt charges, growing out of the alleged spiritizing away of the witnesses in the Marcum-Hargis damage suit last January, was sentenced to two years at hard labor in the county jail and assessed a fine of \$3,000 by the jury and unless Feltner is pardoned by the Governor he will be compelled to pay the fine and serve sentence as a verdict in a contempt case is rarely ever reversed by the higher court.

The new Illinois Central bridge over the Tennessee river was ready for trains Sunday. The bridge has been under construction eighteen months and cost over \$1,000,000. The old bridge will be torn down.

Thrown From a Wagon.

Mr. George K. Babcock was thrown from his wagon and severely bruised. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment.

GEN. LINEVITCH IS CONFIDENT

The Russian Commander in Manchuria is For War.

THINKS HE CAN DEFEAT JAPS

His Army, He Says, is Now in a Condition That Would Warrant Him in Acting on the Offensive.

Gunshu Pass, Manchuria, June 7.—The Japanese appear to be withdrawing to the southward along their whole front. It is thought that this is perhaps a maneuver to entice Lieut.-Gen. Linevitch from his prepared position.

Headquarters of the Russian Army, Gunshu Pass, Manchuria, June 7.—Undismayed by Rojstevsky's defeat and full of confidence as to the outcome of the approaching battle, Lieut.-Gen. Linevitch is for war to the bitter end, and he believes that the Manchurian army is now strong enough to assume the aggressive.

To a question put to him by a press correspondent, to whom he granted an interview, as to whether he was for war or peace, the commander-in-chief replied firmly and without the slightest hesitation:

"Most certainly I am for war. I am a soldier. The emperor's will is naturally my law, but my voice now, as before, is for the continuance of the fight."

"With the destruction of our fleet vanishes, of course, the hopes of those who at the beginning of the war wished to make peace at Tokio, but our defeat at sea has not interfered with my plans—absolutely not one whit. I consider myself strong enough now not only to hold my ground, but even to advance."

"I am no prophet, and have no desire to be one, but I firmly believe that I can and will defeat the Japanese in Manchuria."

"I have asked the war office to send me reservists of the youngest classes instead of older ones, not because the latter make poor soldiers, but because with plenty of young and vigorous reservists, it would be unjust as well as inadvisable to call the older men from their more their more settled life."

POSITIVE INSTRUCTIONS.

Gov. Wright, at Manila, Advised as to Course With Russian Ships. Washington, June 7.—The following announcement was made at the war department late Tuesday afternoon:

The secretary of war is in receipt of a cablegram from Gov. Wright, at Manila, announcing that Secretary Taft's instructions had been formally transmitted to the Russian admiral, and at the same time inquiry was made whether he would be required to put to sea within 24 hours after taking on coal and provisions sufficient to take them to the nearest port. That up to this time only enough coal and sufficient food supplies for use in harbor to last from day to day had been given, as they arrived with practically no coal or provisions. Gov. Wright submitted the question as to whether they were entitled to take on coal and provisions to carry them to the nearest port. Gov. Wright was advised that the president directed that the 24-hours limit must be strictly enforced, that necessary supplies and coal must be taken on within that time, these instructions being consistent with those of June 5, stating that as the Russian admiral's ships were suffering from damages due to battle that the American policy was to restrict all operations of belligerents at neutral ports. In other words, that time should not be given for repair of damages suffered in battle.

Trial of Mrs. Aggie Myers, at Liberty, Mo., for Killing Her Husband, Will Proceed.

Kansas City, Mo., June 7.—The selection of jurors to try Mrs. Aggie Myers, charged with the murder of her husband, Clarence Myers, occupied the entire time of the court at Liberty, Mo., Tuesday. When the court adjourned the panel of 40 jurors was complete. Many men summoned for jury service were excused upon the ground that they would not vote to inflict capital punishment on a woman, although she be proven guilty of murder in the first degree.
